Client Love

Dr. Alex Golden & Megan Blacksmith,
Founders of Zesty

"Jamie is the secret weapon that has helped us 3X our business last year! She was there for us when we were doubting our ability to meet our goals. She helped us understand how to really connect with the women we talked to on discovery calls, overcome objections and increase our sales call conversions. Jamie has a way of providing direct and extremely helpful feedback. She pushed us beyond our comfort zone while at the same time reinforcing our strengths so that we felt incredibly supported. We can't say enough good things about how amazing she is!!"

Laura Sprinkle,
Affiliate Program Strategist

"Jamie is without a doubt the best sales-person I've ever seen in action. She's also an incredible teacher and has taught me so much about how to make sales in a non-icky, extremely human-driven way. I've witnessed her train a sales team that converted at over 55%. And I've brought her in to teach the partners I work with because she's just so damn good at what she does. Unless you're allergic to money, you should hire her immediately for anything related to selling."
